# Light your way to energy savings.

## Save on LED lighting solutions for your business.

Commercial and industrial businesses have high energy demand but can quickly start saving with high-efficiency lighting improvements. Rhode Island Energy partners with participating distributors to offer your business instant incentives on qualifying LED products at the time of purchase.

## How to participate?

### 1. Find a participating distributor

Use our simple look-up tool at

**RIEnergy.com/lighting**

### 2. Choose qualified lighting products

Review the list on the back to determine what's right for you.

### 3. Receive instant rebate

To receive the incentive at the time of purchase, the commercial installation address and contractor information must be given to the distributor. Once you receive your energy-efficient lighting, make sure to install it in your facility within 30 days and start realizing your energy savings.

### Benefits of LED lighting

- Crisp, clean light reduces eyestrain for a more comfortable work environment.
- Instant-on lighting does not flicker or hum.
- Bulbs emit a high-quality, natural light color for beautiful product displays.
- Lighting controls lead to less energy waste, regulate lighting and reduce energy usage.

### More savings for your business

- **LEDs use up to 90%** less energy than conventional products.
- **Save on maintenance costs,** as LEDs last up to 25 times longer.
- **LEDs emit almost no heat**, reducing cooling costs that can add up.

**For more details and to get started, visit**

**RIEnergy.com/lighting**

*Product may not be left uninstalled and must be installed at a non-residential commercial facility within 30 days of purchase. Any remaining pieces not installed must be returned. On-site verifications may be required.*

*Minimum Customer Contribution (MCC) is defined as the minimum amount that must be contributed by the end-use customer toward the cost of eligible products to receive the Program Sponsors' incentive.
**Per lamp incentive within a qualifying kit. Eligible products and incentives are subject to change. Discuss your options with a participating distributor.
***Pre-approval required for the quantities listed above or if incentive total is more than $25,000.
Qualified product lists: All products must be DLC v5.1 or higher to be eligible.

Visit **https://rienergy.com/site/ways-to-save/save-money-with-rebates-and-incentives/savings-for-your-business/instant-commercial-rebates** for more information.
Instant discounts cannot be combined with any other incentive offering for the same equipment.
Product should be installed in accordance with Lighting Installation Guidelines approved by the Program Sponsors.
