

High-Volume Low-Speed Fans

Up to \$2,000 Instant Incentive

High-Volume Low-Speed Fans Benefits

Qualifying High-Volume Low-Speed Fans offer significant efficiency benefits by improving air circulation, reducing the reliance on HVAC systems, and lowering energy consumption.

Equipment Eligibility

Effective September 1, 2026

Qualifying Criteria and Incentive Levels for High-Volume Low-Speed Fans		
Equipment	Fan Diameter (ft.)	Customer Incentive (\$/Unit)
AMCA certified high-volume low-speed fan	8-13.99	\$1,000
	14-17.99	\$1,500
	≥ 18	\$2,000

Ready to maximize your savings? Learn more about our program.

Visit RIEnergy.com/business to learn more about customer eligibility, upgrading to high-efficiency commercial HVAC, search for participating distributors near you, and discover instant discounts available for eligible equipment.

Sales that total 10 or more units OR \$8,000 or more in total initiative incentives must receive pre-approval to guarantee the incentive.
