Residential Air Source Heat Pumps

Rhode Island Energy™
Efficiency Programs

Rhode Island Energy (RI Energy), Clean Heat RI, and the New England Heat Pump Accelerator (NE HPA) offer incentives for replacing your existing heating and cooling equipment with high efficiency air source heat pumps (ASHPs).

Switching from electric baseboard to ASHPs opportunities:

- RI Energy Financing* - 0% Interest Loan
- RI Energy Enhanced Customer Incentive* - $1,500 per ton
- NE HPA Distributor Incentive* - $650 per unit

** RI Energy Financing, and RI Energy, and NE HPA incentives can be applied to the same equipment*

Switching from natural gas, oil, or propane to ASHPs opportunities:

- RI Energy Standard Customer Incentive* - Up to $625 per ton
- Clean Heat RI Customer Incentive* - 60% of cost (up to $11,500)
- NE HPA Distributor Incentive* - $650 per unit (ask your contractor)

** RI Energy, Clean Heat RI, and NE HPA incentives can be applied to the same equipment. Note: requires separate application and guidelines*

Program	Incentive	Website	Notes
RI Energy Financing	0% Interest Loan	RIEnergy.com/HEA	Available for qualifying customers and electric resistance heating displacement only.
RI Energy Enhanced Customer Incentive	$1,500 per ton	RIEnergy.com/HeatPumps	May be combined with NE HPA. RI Energy Financing may be available.
RI Energy Standard Customer Incentive	Up to $625 per ton	RIEnergy.com/HeatPumps	May be combined with Clean Heat RI and NE HPA.
Clean Heat RI	60% of cost (up to $11,500)	cleanheatri.com	May be combined with RI Standard Energy Customer Rebate and NE HPA. Income guidelines apply.
NE HPA Customer Incentive	$650 per unit	nehpa.org	Ask your installation contractor. May be combined with RI Energy Customer Rebates and Clean Heat RI.
Program Incentive Stacking	*RI Energy, Clean Heat RI, and NE HPA incentives can be applied to the same equipment*		

Home weatherization may be required to qualify for certain rebates. Weatherizing your home results in cost savings and improved comfort.
